Brantling Ski and Snowboard Event

On Thursday and Friday, February 21st and 22nd, over 150 Wayne County Students participated in the Wayne MOST's Annual Ski & Snowboard event at Brantling Mountain. It wasn't too cold, and the snow conditions were absolutely perfect! More than half of the students have never skied or snowboarded before – and with some help and lessons they took off! Brantling's staff was wonderful.

A special thank you to Kelly and Kevin for all their considerations. We so appreciate all they do to make everyone's experience on the slopes a great success! Everyone had such a wonderful time!

Anemometers and Pinwheels

On March 4th and 5th, the MOST visited North Rose Wolcott Elementary. Students were excited to learn all about wind, as they had experienced many wind events recently. They wanted to know where it came from, and through a short video we learned it had to do with temperature and barometric pressure. Students then learned about measuring the wind speed, and determining direction, using anemometers and weather vanes. Then a hands-on activity led students to build their own anemometer and test it out. As a bonus, they then made pinwheels and enjoyed playing with them outside in the wind!!!

"WHEN LIFE BRINGS YOU LEMONS"

Audiences were delighted and refreshed by the recent performance on February 21st, 22nd, and 23rd, of "When Life Gives You Lemons," Community Schools Theater & Arts' original youth musical production! The show followed the zesty adventures of a group of young friends running a lemonade stand who learned valuable lessons about friendship, competition, and the power of collaboration. CSTA extends our deepest gratitude to everyone who contributed to the success of "When Life Gives You Lemons." We are incredibly proud of our young performers and grateful for the support from our community!

ALSO: Please keep an eye out for our next show "Ride the Cyclone".

When Members of the St. Cassian High School chamber choir of Uranium City, Saskatchewan, unexpectedly perish on a faulty roller coaster called The Cyclone, each tells their story, in the form of a song, to win the reward from a mechanical fortune teller: the chance to return to life.

See Wayne MOST Calendar of Events (next page) for dates and times of performances. You do not want to miss it!
